### **Questionnaire**

So that we can make the course really relevant to you please take a few moments to complete the brief form by ticking the statements that most closely apply to you- tick any number!

- I am a complete beginner and know very little about photography.
- I have used film but am new to digital photography
- I have some experience of either film or digital and now need to widen my skills.
- I have never been on a photo course before
- I have some experience of using Photoshop
- I print my own photos (Chemical or on a printer)
- I am a member of a Photo Club (If not and if after the course you are keen to join one we can put you in touch)

**If you do suffer from any medical or disability problems do let us know so we can work round these.**

**We do recommend that you bring a laptop along.**

### **What you need to bring**

Strong footwear and waterproof clothing (We will be doing some easy low level walking and it does occasionally rain here!)

Your camera and any accessories you have such as lenses, tripods etc.

**If you have a particular matter that you would like advice with or like it to be covered please let us know and we will do our best to help.**
